III. Major Activities of the Energy Advisory Committee during the
Period from 1 January to 31 December 2021

(1) Meeting on 31 August 2021

Pre-2022 Tariff Review Presentation

CLP Power Hong Kong Limited and The Hongkong Electric Company, Limited provided members with updates on their operations, including their reliability and environmental performance, electricity sales, energy efficiency and conservation initiatives, fuel price trends, future outlook and challenges, etc. Members also offered their views to the two power companies.

(2) Meeting on 9 November 2021

2022 Tariff Review Presentation

Members discussed the two power companies' tariff proposals for 2022. Members were also briefed on the

relief measures provided by the power companies to support their customers in need.

IV. Major Activities of the Energy Efficiency and Conservation and Renewable Energy Sub-committee during the Period from 1 January to 31 December 2021

The Energy Efficiency and Conservation and Renewable Energy Sub-committee was set up under the EnAC to consider proposals to promote energy efficiency and conservation as well as renewable energy development in Hong Kong, having regard to their technical merits, potential effectiveness and environmental, economic and social implications.

Meeting on 5 February 2021

Members were briefed on the background of the Mandatory Energy Efficiency Labelling Scheme, and discussed the proposal of implementing its fourth phase, i.e. extending the coverage to three additional types of products, namely gas cookers, gas instantaneous water heaters and light emitting diode lamps.
